Cultivating the Gifts and Talents of America's Future

Bridging the Education Gap

"16 million American children are growing up in poverty, but with the right educational opportunities and a structured system of leaders guiding them through a proven process, **they will not stay there.**"

Vision

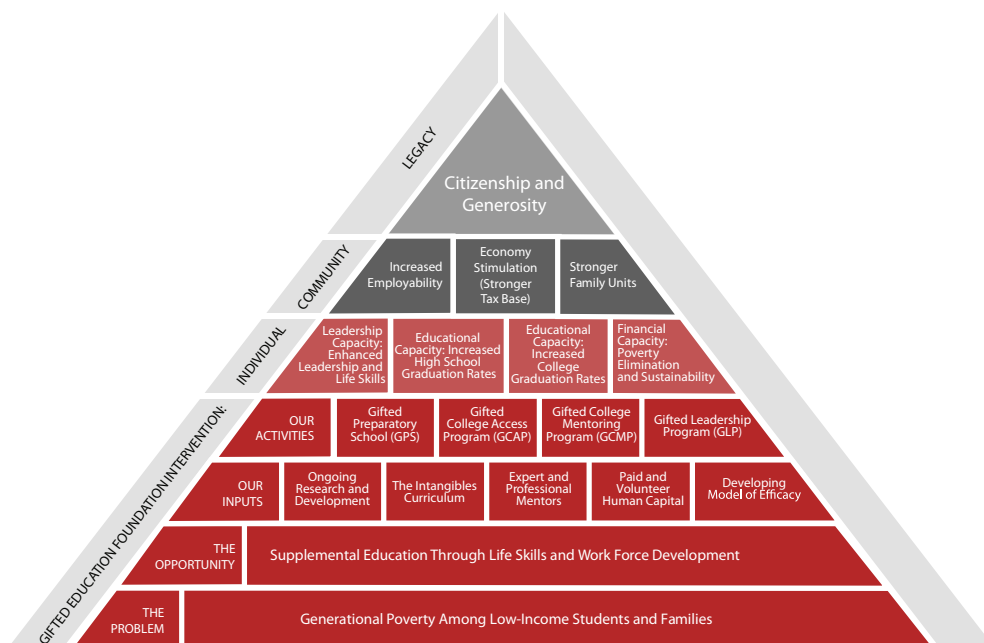

To be the most accessible career and life development organization in America.

Mission

To produce marketplace leaders from low-income communities across America.

Our Theory of Change

Who We Are, What We Believe and What We Will Do to Achieve Our Vision.

Gifted at a Glance

1,000 low-income, high school students trained in Atlanta, Los Angeles and Memphis.

+16,000 student hours of college, career and life skills training.

+\$12,000,000 in scholarships earned by the end of 2015 in the College Access Program.

100% college acceptance rate among students in Gifted College Access Program (GCAP).

2015 Tactical Plan

Birth Gifted Preparatory School (GPS) in Los Angeles and Memphis

Enroll 3,000 students for 2016 training via **The Intangibles® Curriculum**

Officially Partner with 5 Colleges/Universities

Place 50 new students in Atlanta's College and Career Access Program

Finalize Collegiate Elements of **The Intangibles® Curriculum**

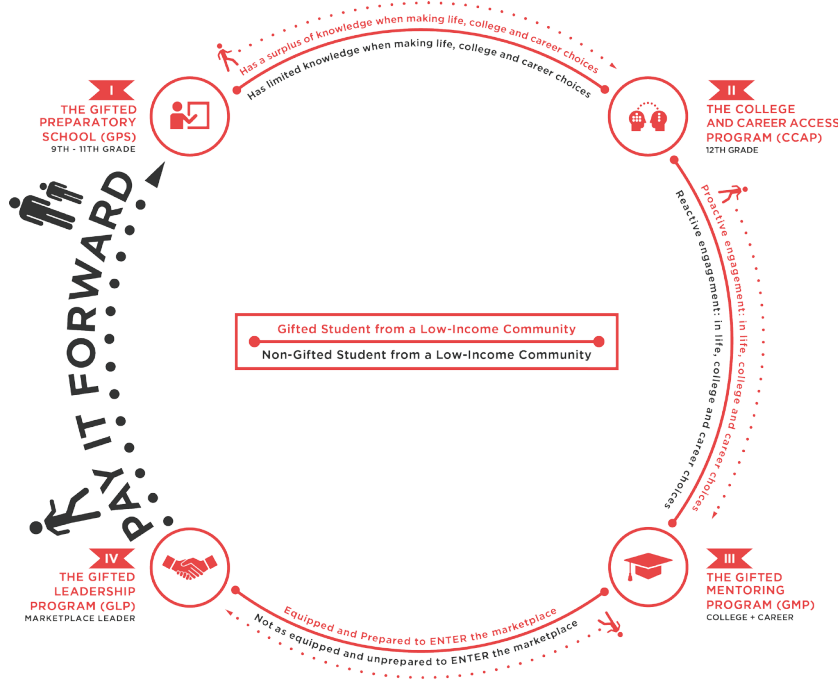

Establish 10 Corporate and Community Partners

Secure 10 Internships for students in College Mentoring Program

Launch The STEM Management Academy

Launch The Wealth Management Academy

Our Strategy To Reshape Futures

Phase I: The Gifted Preparatory School (GPS) exists to support students through comprehensive preparation which builds a foundation of life, college and career readiness.

Phase II: The Gifted College and Career Access Program (CCAP) serves a select group of students with a 360 degree approach in comprehensive skills development equipping them for success on a new life-trajectory.

Phase III: The Gifted Mentoring Program (GMP) will provide students whosuccessfully fulfill the requirements of the College and Career Access Program with hands-on, experiential coaching through The Intangibles® Curriculum, which commences with high schools students and continues through their college career.

Phase IV: The Gifted Leadership Program (GLP) will allow participants to continue to receive life-on-life accountability and support from a key marketplace partner carefully selected and assigned to them through our design process.
